

Eco-Bubble

MB0003SS

ERDEM
BATHROOM DESIGNER

Specifications

Eco-Bubble

Size: 75x27(OD)mm

Finishing: stainless steel

Combine with Faucet

Combine with
Ozone Machine

- * Large number of Microbubbles
- * For any rotation angle
- * Combine with faucet
- * Combine with ozone machine
- * Material: Stainless-steel

Micro Bubbles

Micro Bubbles with a size of 0.2 microns, Micro Bubbles can dive deep into the crevices of produce to remove dirt and bacteria. Smaller bubbles lead to increased contact area.

Ozone

Ozone is dissolved into the water using Micro Bubbles, leading to increased dissolved ozone levels, reduced off-gas and less ozone input required. Ozonized Micro Bubbles will kill bacteria, remove pesticides and keep food fresh.

Feature of product

For any rotation angle
Clean so easily.

Combine
with Faucet.

Large number of
Microbubbles.

Combine with
Ozone Machine.

Attach adapter to faucet.
Use more conveniently.

Large bubbles

Microbubbles

Feature of product

Remove oil

Wrap the dirt

Whitening

Deep clean
skin pores

Anion health

Save Water

- * Micro Bubbles a size of 0.2 microns will remove dirt and bacteria from the innermost crevices of fruit and vegetables.
- * Clean food with ozonized Micro Bubbles. Kill bacteria, remove pesticides, keep food fresh and remove solid particles.
- * Reduce water usage
- * Easy to install
- * Save water
- * Wrap the dirt
- * Remove oil

Microbubble

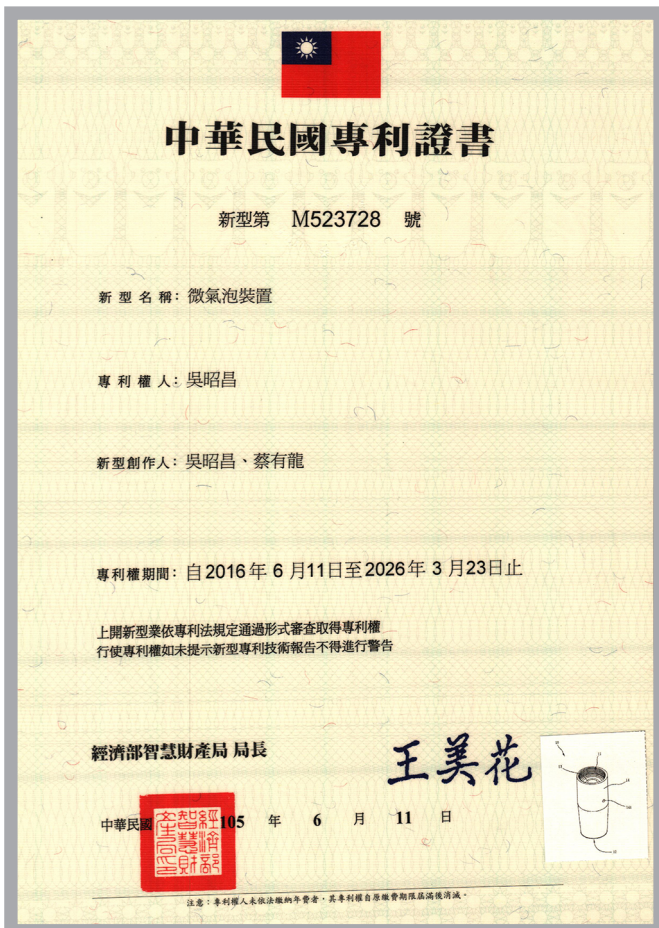

Creates a large amount of tiny bubbles, a size of 10 microns. It is smaller than skin pores so that it can deep clean skin pores and keep our skin soft and smooth.

Certificate

Attach the Microbubbles Generator to the faucet can create a large amount of tiny bubbles, or mirco bubbles. It can remove the dirt so that help you clean the kitchen more conveniently.

It also can combine with O-Clean, Ozone machine. Increased cleaning ability with Micro Bubbles. It can save water, kill over 99% Bacteria, remove odors, Remove over 75% Pesticides, keep food fresh.

* The world's first multi-country patent design-venturi and check valve.

Made in Taiwan
